Calgary Commissioners Will Hold
Office at Will of Council.
Calgary, Alta., Oct. 11.—At a meeting of the council today it was decided

**By Government Annuities Schemes
This is Made Possible For All—
Dr. Samson's Lecture.**

Alderman Hornby was appointed representative for any other than the majority of the great body of the people of Canada by the Canadian government Annuities Act was made a parent in a lecture delivered last night in the Mechanics' Hall by R.

to district northwest of Calgary and to co-operate with the Dominion government in supplying the assistance they require.

Minister of Interior Promises That Government Will Provide Free Seed to Settlers Who Lost Their All in Prairie Fires Northwest of Calgary.

Calgary, Alta., Oct. 11.—A. L. Morris, of Hutton, interviewed Hon. Frank Oliver in regard to sufferers from the great prairie fire north of Red Deer river last week. Morris explained matters to Mr. Oliver, telling him of the settlers who had just come in and who have suffered the loss of their homes and property. He expressed his pleasure at hearing Mr. Sampson's able lecture and declared that those who had got come to be it had missed a rare treat. He moved a hearty vote of thanks to Mr. Sampson, which was seconded by Major Thibideau and tendered to him by the Premier. *—Saskatoon Herald.*

Mr. Oliver stated that he fully sympathized with the sufferers and promised that the government will supply seed absolutely free of charge to those who have suffered from the

The city council and board of trade will combine to render immediate assistance. It will likely take the form of rushing goods to the region of

At 10:15 this morning, Thomas Collins, a city employee, who was working on Seventeenth avenue, west, met with what may prove to be a fatal accident. Collins, who is afflicted

Dr. Sampson, "Where can we be-
lieve enough of his earnings to pro-
vide against the inevitable day of a
firm old age."

"We are all working people and try
to save a little of what we earn," said
Dr. Sampson.

HELD OVER TILL NOVEMBER.

Case of W. A. P. Will Be Heard by
Railway Commission Then.

over here on their return from the east the second week of November to make up the case of the Western Associated Press with reference to the C.P.R. and G.N.W. Telegraph companies. The above association alleges that in the world will sell us an annuity on the same terms as the Canadian government.

What An Annuity is.
Dr. Sampson defined an annuity as an arrangement made with a cou-

ternoon by acting Chairman D'Arcy Scott, who said that the board, whose aim was to do substantial justice, could not proceed with this case at the present time because Mr. Aikins for the C. & D. had said that there were no funds.

He, however, realized the importance of the case and the board would hold a special sitting on their return. Agreeing to this, M. E. Nichols, on behalf of the Western Associated Press said that while he was willing that the

No annuity is paid to a person under 55 years of age.

The railway commission opened for business this morning. Nine cases were disposed of this morning, one was withdrawn, and three were laid over until the next sitting of the court in Winnipeg.

Sandstone, Minn., Oct. 11.—A terrific explosion at 2.15 a.m. today utterly wrecked the banking room of the Sandstone State Bank and aroused the villagers. The explosion tore in the outer door of the bank's vault.

the furniture and fixtures. The bank made withstood all attempts to break in and loot it until the bandits were driven to flight by the approach of citizens. Not a cent in cash was secured, but the damage to the bank is

Member for Hants Dead.

GREAT COMFORT TO KNOW

That Grand Trunk Annex has proven the most popular sub-division ever offered in Edmonton

THERE'S A REASON

BECAUSE it is a proposition of merit.

BECAUSE the lots are larger, the prices smaller and the terms better than any sub-division now on the market.

BECAUSE men of every profession and occupation have bought in Grand Trunk Annex

BECAUSE their judgement has told them it is the city to be.

A Good Business Man

Will give everything that is brought to his notice due consideration. It will be to your advantage to look over our new stock of

BAPTIST YOUNG MEN MEET.

The young men of the Baptist Church held a very enjoyable banquet last night in the schoolroom, at which there was present a large attendance. The hosts and hostesses were the pastor and his wife and the deacons and their wives. The chairs were occupied by Rev. Mr. Bowen, and during the evening discussion on the work for men was participated in by Elton Wilson, J. H. McDonald, J. Bell, G. Fred McNally, Inspector Hill and others. A committee was appointed to draft a constitution for a young men's society and arrangements will likely be made for a series of lectures.

LOCALS.

The regular weekly meeting of the city council will be held this evening. It is probable that the shape of Strathcona towards the highway bridge will be among the questions discussed.

During the past few days there have been many complaints of the lack of power for the street cars, which are greatly delayed on the intersection runs. The public are impatiently awaiting the long-predicted opening of the new power plant.

Don McKenzie, who for a number of years has been in the grocery-department of Douglas Brothers' store, has accepted a position as traveler and will shortly leave his connection with the store.

J. M. Douglas, Liberal nominee for the Strathcona constituency, has returned from an trip to the Tweed ball district. He was accompanied by J. J. McKenzie, president of the Strathcona Liberal Association, and Harold Ritchie.

At \$23.00 we have a lovely garment made from best quality Kersey cloth, trimmed on shoulders, back seams and on cuffs with ottoman silk. Has collar of nicely blended sable, and quilted lining to waist. Colors black and navy, length 48 inches. W. Johnstone Walker Price..... **23.00**

At \$35.00, this is a high-grade coat of Sedan beaver cloth, trimmed stitched straps of self panel back, has collar of full furred Alaskan sable. Lined throughout fine quality venetian lining. Length 49 inches, colors black and navy. W. Johnstone Walker Price..... **35.00**

Fur Lined Coats from \$35.00

An exquisite garment, shell of all wool, satin finished broadcloth trimmed with 1/2 inch stitched straps of self and silk soutache braid, lining of selected muskrat and collar and revers of a northern mink, length 48 inches. Colors black and green. W. Johnstone Walker Price..... **120.00**

At \$85.00 we are showing one of the fashionable all rat, 48 inch semi fitting coat. The skins are all of the finest quality and perfectly matched, nothing but whole skins being used, giving a uniformity of shading otherwise undiminishable. Lined throughout with seal satin, has inside pocket and crocheted buttons. W. Johnstone Walker Price..... **85.00**

At \$80.00 this is a handsome coat, with shell of fine quality broadcloth, nicely trimmed, reinforced armholes. With stitched straps of self, turn back cuff with tabs, lined 1/2 inch muskrat, also sleeves. Has no quality natural sable collar and revers. Length 48 inches. Colors black, navy and brown. W. Johnstone Walker Price..... **80.00**

LADIES' SUITS

In ladies suits we are now prepared to wait on you, having just received a shipment from a noted Eastern manufacturer. One style is made up in fancy worsted cloth, coat has the semi-fitting back giving the slender hipless effect, so much in vogue. Has the small sleeve with turn back, cuff, trimmed fancy jet buttons, one prominent feature of the coats is the bust, hair cloth being used, reinforced with canvas thereby ensuring the permanency of contour, which is impossible with canvas alone. Has large imitation patch pockets, length of coat 40 inches, lined good quality lining. Skirt is made up in the plain gored effect with row of fancy jet buttons down centre of front. Colors Taupe, Green and Navy. W. Johnstone Walker Price..... **24.00**

Another style similar to above with 42 inch coat, lined panama satin with 12 inch flaps, trimmed silk soutache and fancy buttons, with gored skirt. W. Johnstone Walker Price..... **25.00**

At \$50.00, here is an all wool broadcloth shell, nicely trimmed straps of self, with fine quality Hunter lining and Columbia sable collar, length 48 inches. Colors black and navy. These have not the absolutely newest pattern of sleeve, or would be far higher in price. The value of goods is there. W. Johnstone Walker Price..... **50.00**

We have also a nice range of Astrachan and Bukharan Lamb from \$30.00, also the short muskrat made up in the Windsor style at \$45.00. Also the same style in the Electric and bear seal with Columbia sable collar, from..... **35.00**

Handsome Fur Sets at All Prices

Ladies mink neckwear, 4 stripe stole, 40 inches long, 10 inch collar, trimmed with heads and tails. Best quality mink full deep fur. Price, each..... **\$102.20**

The Boys' Favorite Clothing House

True economy is the procuring of the greatest value for least money. Clothes, after all, are for health as much as appearance, particularly in the winter, and it is false economy to spare the cents and spoil the child. Avoid doctors' bills, the worry of sickness and loss of the boys' time at school, by clothing them right at the right time. Come now to Johnstone Walker & Co's, and remember that prevention is better than cure.

Spare the Cents and Spoil the Child

Boys 2 piece suits in all the newest tweeds, corduroy and serge, Norfolk style or with coat buttoned up to neck. Sizes 22 to 26. Knicker pants and straight pants. Prices range from, per suit..... **\$2.50 to \$6.50**

Boys' buiter and sailor suits, in a large variety of tweeds and serges, with or without knicker pants, in sizes to fit 2 to 8 years. Price from, per suit..... **\$2.00 to \$9.00**

Boys and youths 2 and 3 piece suits, double and single breasted, in a splendid assortment of dark tweeds suitable for fall wear. These are the famous Lion Brand (double seat, knees and elbows) and are guaranteed to give satisfaction. Sizes 26 to 32. Price from, per suit..... **\$1.00 to \$5.50**

Great assortment in boys and youths winter overcoats, in reefer, pea jacket with high collar and ulster styles. Sizes to fit 2 to 18 years. Colors navy, brown, cardinal, scarlet, grey, black and royal. These are lined with corduroy flannel or tweed. Prices from, each..... **\$2.00 to \$10.00**

Boys' odd pants in tweed, corduroy, bedford cord and serge, the right thing for school wear. Sizes from 22 to 34. Prices from, per pair..... **50c to \$1.50**

Boys' sweaters, with roll collar, open neck and coat style, in navy, cardinal, grey, brown and green. Sizes from 20 to 34. Prices from, each..... **50c to \$1.50**

We carry a splendid assortment of boys' underwear, in Penmans, Watsons and Stanfields makes. All kinds from the fleece lined to the natural wool. Sizes 20 to 32. Prices from, each..... **25c to \$1.25**

CAR LINE EXTENSION TO GIBBONS PROPERTY

Superintendent Taylor Submits Estimate of Cost at Last Night's Meeting of the City Council.

A number of important questions came up for discussion at last night's committee meeting of the city council, at which Mayor Lee presided and all the aldermen but W. Garney and D. R. Fraser were present. The board was in session from shortly after eight o'clock till well on to midnight.

J. K. McKinnis of the library committee presented a site for the new library at the northwest corner of Howard and Erie streets. In this connection Alderman Manson reported that Premier Rutherford had assured Mayor Lee and himself that the government would give a grant of \$150,000 or \$200,000 towards the new library.

W. F. Huff asked for the council's consent to a renewal of his drudging lease of the river. This was granted on his undertaking to sell his plant to the city on certain stipulated terms, if the city so desired at any future date.

Col. Edwards asked that the council take action to secure a site for armories and Superintendent Taylor reported on the proposed extension of the street railway to the Gibbons property.

Mr. Taylor's report was in brief as follows:

The cost of the line from 21st by way of St. James street and Stony Plain road to the Gibbons property would be \$72,000.

The cost via Athabasca Avenue and Christen street south to the property, which would be one and a half miles shorter, would be about \$20,000 less. Against this would be the cost of building five bridges.

These bridges would however, cost about \$8,000 and two of them would have to be built by the city, costing about \$16,000. There would also be the price of the big bridge over the \$25,000 offered by Mr. Bounie. The cost of this bridge is placed at \$45,000 by the city engineer.

Two cars for handling the gravel would cost \$15,000.

The high cost of the work of the line passing over to the distance from the power house and the high cost of the copper necessary for handling the heavy loads.

Alderman Aear remarked that the question revolved itself into whether Mr. Bounie's offer should be accepted. He was doubtful if the gravel to be used at the Gibbons property was worth the expenditure.

Other aldermen expressed their views strongly on the need of gravel for repaving the streets, asserting that gravel must be secured.

The report was laid on the table until a further report on the cost of the bridges and also on the value of the gravel at the Gibbons property.

Tenders for Street Cars.

Tenders for six new street cars for the street railway were received as follows:

Whitlock Car company, Ottawa, \$2,725; L. B. Ottawa, \$2,725; L. B. Ottawa, \$2,725; L. B. Ottawa, \$2,725; L. B. Ottawa, \$2,725; L. B. Ottawa, \$2,725.

Site for Armories.

Colonel E. B. Edwards wrote the council saying that he had been instructed by the District Officer Commanding to take the question of a site for the new armories. The government was now ready to build and would like to get the matter in shape in order that an estimate might be passed at next session of Parliament.

Col. Edwards appeared before the board and spoke at some length in explanation of the project. It had been suggested that a site adjoining the new high school be secured as it would allow of considerable ground for drill purposes. The site should be as central a one as possible for the convenience of the militia. He explained that the city should provide the grounds on condition of the armories being built. The present exhibition grounds, which had been suggested, was outside in many ways as the city grew it would become more remote from the distant parts of the city. It was also below the hill and it might be a pity to put a building there. His idea was that the drill grounds might also be a public park.

Alderman Lundy said it would be a mistake not to get a good site as the armories built by the government in the east were all handsome buildings and the same would likely be the case here.

Mayor Lee said that when speaking to the Hudson's Bay land commissioner, some time ago, he had said that the company would not sell a large site, but would dispose of it in six lots for the armories, themselves.

The Mayor, Commissioners and chairman of the public works committee were instructed to take the matter up and endeavor to secure a site.

A Road Open 21st Street.

W. H. Clark again appeared before the council with reference to the improving of the road down the hill on 21st street towards the brick kilns. The road could be put in good shape by a cut in the side of the hill which the city engineer estimated would cost about \$300.

The question will be taken up by the city commissioner.

E. Wiedrick, on behalf of several taxpayers protested against the bad condition in which the streets in the east end of the city were left by the G.T.P., whose grade was about a foot above the level of the street. In several places the streets were almost impassable. The commissioners were instructed to take the matter up and get a report from the city commissioner.

Will on Jarren of Kinistino Avenue, appeared and urged that Grimsby street between Kinistino and Synchuate be opened up and being closed for a year. The south side was owned by the city and had been used for a dumping ground for some time.

On this condition it was agreed that consent be given for the proposal and the commissioners were asked to deal with the matter.

The city auditor work the council suggesting that a by-law be drafted by the commissioners and the city solicitor, to cover a number of resolutions which had been passed by the council from time to time. The present difficulty is that resolutions for regulation of city commissioners

are passed and after a time are lost sight of.

Site for Library.

K. W. McKinnis appeared before the council with reference to a library site. The library committee had secured an option on a property of two blocks the corner of Howard and Erie, where the Whitlock house stands, which he thought was the most ideal site that could be secured. The block, 100 feet square, was offered for \$23,000.

Mr. Manson spoke of a recent interview which he and Mayor Lee had with Premier Rutherford, who told the committee that the government would give between \$150,000 and \$200,000 towards the equipment of the library. The city was thus assured of a government grant toward the enterprise.

Ald. Lundy said that while the library question was being discussed the council should decide how much the city was willing to grant towards the library per year. When this was agreed to it could at once be learned how much Andrew Carnegie was willing to give.

City Solicitor Brown said there was a question as to whether the city could grant money towards a library. On the question he was asked to report at the regular meeting.

On a request of the Winnipeg authorities the superintendent of the incinerator was given permission to go to Winnipeg to give evidence in the case of the Decarie Incinerator Co. vs. the City of Winnipeg.

It was decided in answer to a request from the Prince Albert board of trade to draft a resolution calling upon the Dominion Government to proceed with the construction of the Hudson Bay railway.

Fred Shanks, of the Citizens' band, said that he had returned the band instruments and asked permission to borrow seven instruments for another year. The letter was laid on the table.

Medical Health Officer Whiteside reported a number of bad accounts on the books of the department, which he asked permission to write off. The accounts total \$28.04.

J. K. Powell wrote protesting against the closing of Paq Avenue for the G. T. P. yards and claiming \$20,000 in compensation should the road be closed.

The aldermen did not think Mr. Powell had much claim for damages, as his property was more than a mile north.

The Mayor announced that no objections had been received to the proposed closing of the Incline Railway for the winter months.

ROY LAMPHERE IS DYING.

Once Worked for Mrs. Gunness on Laporte Murder Farm.

Laporte, Ind., Oct. 11.—Ray Lamphere, who was convicted as an accomplice to the arch-murderess, Mrs. Gunness, has but a few days more to live, according to physicians. He is suffering from consumption. State's Attorney Smith is confident he will make a confession clearing every detail of the Gunness' death farm mystery when he realizes that his end is at hand. Up to the present time he has protested persistently that he knows nothing about how Mrs. Gunness killed and disposed of her victims.

The commissioners were instructed to remedy this complaint.

**Double S
Oven
Stiffeners**

For Sale by THE NORTHERN HARDWARE CO

Perfectly level oven bottom

A "warped" or uneven oven bottom tilts pie plates and causes liquid to run over and stain oven bottom—and you have to clean up the mess—a regular occurrence if you own an ordinary range.

Sask-Alta McClary's Steel Range

No such annoyance with Sask-Alta oven bottom. Double oven stiffeners, double bolted, are placed so as to prevent any possibility of "warping" either at sides or center.

Sask-Alta oven bottom is perfectly level when you buy the

range and will stay that way for all time—it will never "warp." Sask-Alta steel oven is a splendid baker—and will accommodate four pie plates on oven shelf.

Just ask McClary agent to show you Sask-Alta.

Calgary Public School Events.

Calgary, Oct. 9.—The first field day of the Calgary public school was held yesterday and fully 3,000 spectators crowded the grandstands. There were 35 events most of which were so filled with entries that they had to be run off with two or three events going on at a time.

Detroit Man is President.

Toronto, Ont., Oct. 10.—W. D. Mahon, of Detroit, was re-elected president of the Annual General Association of Street and Electrical Railway Employees of America at the closing session of convention.
